## ABOUT ME

I have completed my MCA with a strong interest in web development. I am seeking an entry-level position to start my career in a professional environment where I can apply and develop my skills.

## PROJECT

### Web-based electric vehicle Management System

**Technologies :** HTML,CSS,JS,Express.js,MongoDB

- Designed and developed a fully responsive website for RYNO EV, improving accessibility and enhancing the user experience across devices.
- Created intuitive user interfaces and implemented backend functionality, ensuring a smooth and interactive user journey.
- Built a Pre-booking System that enabled users to reserve products online, streamlining the booking process and improving user satisfaction.

## INTERNSHIP

### Mobile app development Intern

Shoubii Consultant pvt.ltd

January 2025-April 2025

- Developed hybrid mobile applications using Ionic Framework and Angular.
- Designed intuitive and responsive UI using Ionic components and CSS.
- Integrated RESTful APIs and implemented Angular services for dynamic content.
- Gained experience in testing, debugging, and deploying apps on Android.
